SERVICE ADDITIVES

VALVOLINE™ OFFERS A WIDE VARIETY OF SERVICE ADDITIVES TO IMPROVE CAR PERFORMANCE AND EFFICIENCY.

Engine Oil Stop Leak

- > Provides an instant solution with lasting results
- > Suitable for all types of engine oil for petrol and diesel engines
- > Easy to apply. No special tools required

Cooling System Cleaner

- > Removes and binds oil and fat containing residues
- > Removes sludge and corrosion residues
- > Prevents early contamination of the fresh coolant
- > Suitable for all cooling systems of petrol and diesel engines
- > Easy to apply. No special tools required

Engine Oil Treatment

- > Stabilizes engine oil performance
- > Provides added oxidation protection
- > Prevents oil consumption
- > Suitable for all types of engine oil
- > Easy to apply. No special tools required

Cooling System Stop Leak

- > Provides an instant solution with lasting results
- > Effectively stops leakage, prevents seal sweating and evaporation losses. Does not block the cooling channels
- > Fully compatible with all types of coolants
- > Easy to apply. No special tools required

Engine Oil System Cleaner

- > Removes and disperses all soluble dirt and sludge deposits
- > Prevents early contamination of the fresh engine oil
- > Suitable for petrol and diesel engines and all commonly used motor oils
- > Easy to apply. No special tools required

PRODUCT NAME	GB, DE, NL, FR	NO, SE, FI, DK	IT, ES, PT, HR	RU, PL, EE, CZ
Cooling System Cleaner 12x250ML	882659	882660	882661	882813
Cooling System Stop Leak 12x300ML	882662	882663	882664	882814
Engine Oil Stop Leak 12x300ML	882656	882683	882658	882812

Engine Oil System Cleaner 12x300ML	882650	882651	882652	882780

Petrol System Cleaner

- > Cleans the fuel system from the tank to the combustion chamber
- > Effectively removes deposit and resins
- > Solves issues with high fuel economy
- > Full engine performance is restored and issues with rough idling and knocking is solved

Petrol System Protector

- > Effectively cleans all components of the fuel system that come in contact with fuel, such as fuel lines, injectors, cylinders, combustion chambers and spark plugs
- > Prevents the build-up of harmful deposits inside the engine
- > Prevents high fuel consumption
- > Extends emission control system service life

Cold Flow Improver

- > Keeps diesel flowable at low temperatures
- > Prevents thickening of diesel fuel and blocking of fuel lines and filters
- > Raises cetane number for optimal combustion
- > Easy to apply. No special tools required

Diesel System Cleaner

- > Effectively cleans the complete diesel system. Harmful deposits are removed and injectors are made fully functional again
- > Improves combustion and reduces smoke generation
- > Restores full engine performance

DPF Cleaner And Regenerator

- > Particularly recommended when driving conditions are unfavorable
- > Maintains DPF performance and prevents costly cleaning operations or repairs
- > Easy to apply. No special tools required

Diesel System Protector

- > Cleans all components of the diesel system that are in contact with the fuel. It prevents the build-up of harmful deposits inside the engine
- > Prevents sludge caused by biofuels
- > Contains cetane improver, which results in improved ignitability and the prevention of engine 'knocking'
- > Improves lubricity of low sulphur diesel

PRODUCT NAME	GB, DE, NL, FR	NO, SE, FI, DK	IT, ES, PT, HR	RU, PL, EE, CZ

GREASES

VALVOLINE MULTIPURPOSE GREASES FOR ALL CONDITIONS ARE DEVELOPED FOR HEAVY-LOAD AND EXTREME PRESSURE APPLICATIONS.

Multipurpose Complex Red 2

- > Thickener: Lithium Complex
- > Premium oxidation stability and stay-in-place properties
- > Suitable over a wide temperature range
- > Ideal for heavy loaded bearings

Multipurpose Moly 2

- > Thickener: Lithium / Molybdenum disulphide
- > Superior anti-friction properties to protect against metal-to-metal contact
- > Resistant against oxidation
- > Superior mechanical stability

Multipurpose Lical 2/3

- > Thickeners: Lithium and Calcium
- > Excellent water resistance
- > Superior protection against rust and corrosion
- > High performance stay-in-place properties

Multipurpose Synthetic 2

- > Thickener: Lithium Complex
- > Outstanding performance at both high and cold applications
- > High load carrying capacity
- > Extends the lifetime of bearings and chassis lube points

Multipurpose Lithium EP 2

- > Thickener: Lithium
- > Excellent stay-in-place properties even in heavy loaded bearings
- > Good oxidation stability properties
- > Formulated with extreme pressure additives

PRODUCT NAME	0,4 KG	0,5 KG	18 KG	50 KG	180 KG
Multipurpose Complex Red 2	882587* / 882588**	-	882598	882612	
Multipurpose Moly 2	882589* / 882590**	-	882640	882599	882613

Multipurpose Lical 2/3	882602	-	882643	882631	882615
Multipurpose Lithium EP 2	882584	-	882637	882596	882610

Multipurpose Lithium 2

- > Thickener: Lithium
- > Good stay-in-place properties
- > Easily pumpable
- > Suitable for normal temperature conditions

Multipurpose Complex Amber 2

- > Thickener: Lithium Complex
- > Protects against rust and corrosion
- > Good stay in place properties
- > Prolongs re-lubrication intervals

Copper Compound

- > An anti-seize assembly product, which can be used over a wide temperature range from -30°C to +1200°C.
- > It may be applied up to 12 months prior to requirement
- > Copper Compound ensures excellent lubrication
- > Guards against fretting and scuffing

COOLANTS, BRAKE- AND POWER STEERING FLUIDS

THE COMPLETE RANGE OF PREMIUM VALVOLINE COOLANTS, BRAKEFLUIDS AND POWER STEERING FLUIDS HELP KEEP SYSTEM COMPONENTS IN TOP CONDITION.

Zerex™ G40 Ready-To-Use

Valvoline ZEREX G40® RTU contains no phosphates, imidazol, borates, nitrates, amines or nitrites. Valvoline ZEREX G40® RTU is approved by numerous leading engine manufacturers. It protects modern engine components from winter freezing and summer boiling. Valvoline ZEREX G40® RTU is ready to use and must not be mixed with (demineralized) water.

Zerex™ G40 Concentrate

Valvoline ZEREX G40® Concentrate contains no phosphates, imidazol, borates, nitrates, amines or nitrites. Valvoline ZEREX G40® Concentrate is approved by numerous leading engine manufacturers. It protects engine components from winter freezing and summer boiling.

Zerex™ G48 Ready-To-Use

Valvoline ZEREX G48® RTU protects engine components from winter freezing and summer boiling. Valvoline ZEREX G48® RTU is ready to use and must not be mixed with (demineralized) water.

Zerex™ G48 Concentrate

Valvoline ZEREX G48® Concentrate protects engine components from winter freezing and summer boiling.

Multi-Vehicle Coolant Ready-To-Use

Multi-Vehicle Ready To Use coolant provides long-life protection using non-depleting organic acid technology and incorporates additives to protect seals and gaskets. Multi-Vehicle coolant Ready To Use must not be mixed with demineralized water. Suitable for use in Si-OAT applications.

Multi-Vehicle Coolant Concentrate

Multi-Vehicle Ready To Use coolant provides long-life protection using non-depleting organic acid technology and incorporates additives to protect seals and gaskets. Multi-Vehicle coolant Ready To Use must not be mixed with demineralized water. Suitable for use in Si-OAT applications.

Multi-Vehicle Coolant Concentrate	874738	874739	874762	874761	874740	883617	874764

Valvoline Coolant Antifreeze Type G11 Concentrate

- > Suitable for diesel and gasoline engines
- > Protect all open and closed cooling systems against frost.

Brake & Clutch Fluid DOT 3

- > Developed for older vehicle hydraulic brake systems
- > High dry-boiling point (244°C)

Zerex™ DEX-COOL Concentrate

Valvoline Zerex™ DEX-COOL® antifreeze coolant is OEM approved for use in GM vehicles which require OAT DEX-COOL®. This formula ensures you are getting the precise factory-filled formula original to your vehicle. It is a patented* carboxylate formulation with a service life of up to five years or 250,000 kilometers.

Brake & Clutch Fluid DOT 4

- > Developed for modern vehicle hydraulic brake systems
- > High dry-boiling point (265°C)

SynPower Power Steering Fluid

- > Synthetic power steering fluid, suitable for use in power steering units and leveling systems of passenger cars and trucks where special OEM fluids are recommended
- > Flows easily at very high and low-temperatures. Suitable for ABS/ASR/ASC systems

Brake & Clutch Fluid DOT 5.1

- > Suitable for cars with ABS and ASR anti-block and anti-slip systems
- > High dry-boiling point and can be used at very high and very low-temperatures (270°C)

GENERAL MAINTENANCE

FROM AEROSOLS AND ADDITIVES TO CLEANERS AND WAXES: FAST AND EFFECTIVE SOLUTIONS FOR CLEANING AND CAR MAINTENANCE.

Engine Cleaner

- > Removes emulsified oil and dirt
- > Cleans engine parts
- > All purpose degreaser
- > Safe for electrical and engine components

Carburettor Cleaner

- > Effective cleaners leave no deposits
- > Cleans throttle body, carburetors and choke
- > Contains no chlorinated solvents
- > Safe for oxygen sensors and catalytic converters

Brake Cleaner

- > Suitable for brake parts, pads, linings, drums, rotors, calipers and springs
- > Leaves no residue
- > Also flushes oil, dirt and carbon from electric motors

Clean Tronic

- > Eliminates the need for more than one product
- > Removes contaminants effectively
- > Protects against rust and corrosion

EGR + Turbo Cleaner

- > Cleans EGR valves and Turbo chargers
- > Leaves no residue
- > Restores engine performance

Hand Cleaner

Valvoline Waterless Hand Cleaner easily removes grease, tar, ink, adhesive and paint. The highly effective yet skin-friendly abrasives and natural ingredients leave hands clean and conditioned. Simply apply the cleaner, rub hands together to agitate the cleaner then rinse or use a dry cloth to remove.

CLEANING

PRODUCT NAME	400ML	500ML V1*	500ML V2*	4.5L	Languages

White Grease

- > Suitable for all metal-to-metal applications
- > Non-hardening, non-dripping and non-staining formula
- > Water and heat resistant
- > Fights rust and corrosion

Silicone Spray

- > Suitable for door hinges, rubber mountings, drawers, windows and sliding doors
- > Non-staining
- > Stops squeaks and sticking

High Pressure Lubricant + PTFE

- > The freshly sprayed product reaches every square millimeter
- > Contains PTFE for smooth lubrication
- > Performs over a wide temperature range between -50°C to +250°C

Penetrating Oil

- > Frees bolts, nuts and other fasteners
- > Special lubricants eliminate squeaks
- > Provides long lasting protection

Multi Spray

- > Penetrates, loosens, lubricates, and protects metal parts from rust and corrosion
- > Dries wet ignitions
- > Preserves battery terminals from corrosion

LUBRICATION

PRODUCT NAME	400ML
White Grease	750530
Silicone Spray	750511
High Pressure Lubricant + PTFE	VE54140
Penetrating Oil	750386
Multi Spray	VE54330

GENERAL MAINTENANCE

Cockpit Spray

- > Anti-static film repels dust
- > Restores fading and cracking of vinyls
- > Shields against ultraviolet damage
- > New silicon-free formula

Glass Cleaner

- > Balanced formula resists fogging
- > Powerful cleaners remove mud, insects and bird droppings
- > Solvents effectively remove stubborn oil and road grime

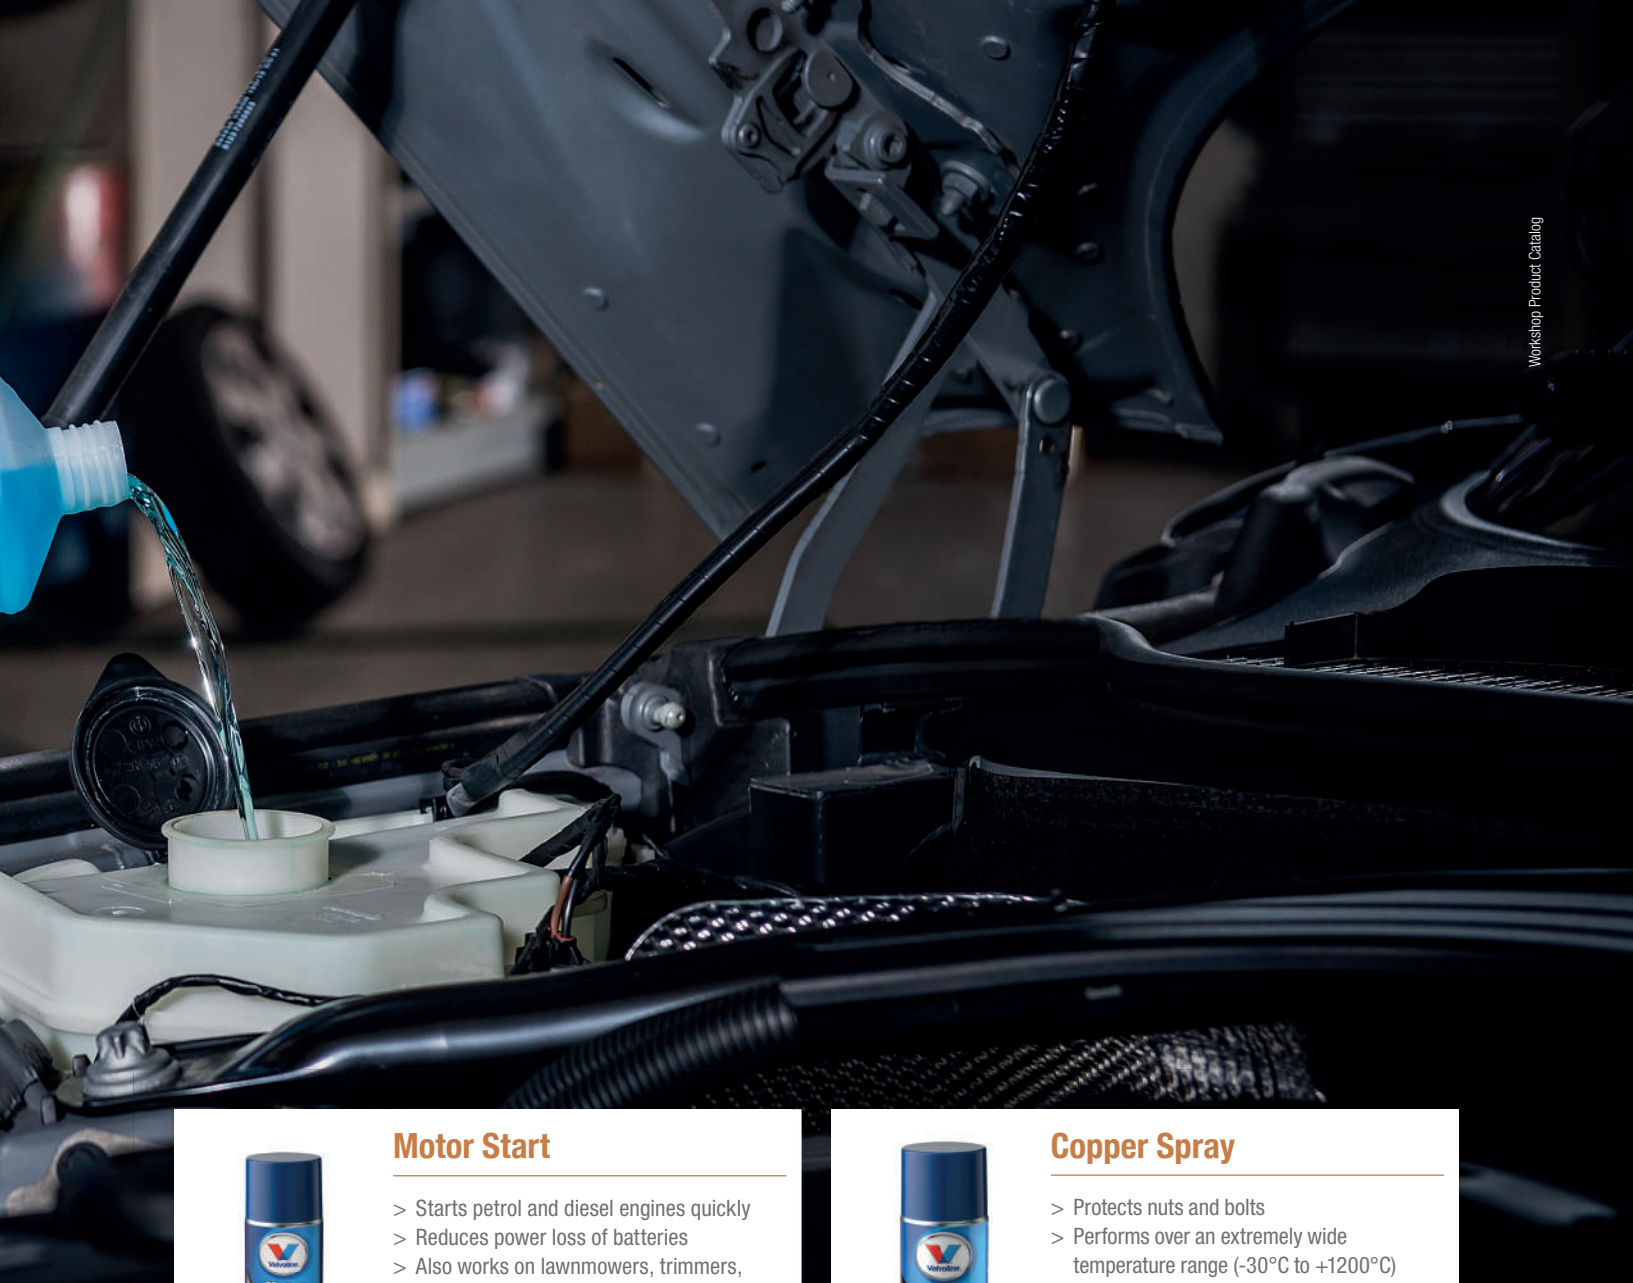

Proshine Wax

- > High-quality waxes deliver a high-gloss shine
- > Durable formula for lasting protection
- > Easy to apply and remove
- > Ideal for cars, trucks and motorcycles

APPEARANCE

PRODUCT NAME	400ML	500ML
Cockpit Spray	750586	-
Glass Cleaner	-	VE54060

Motor Start

- > Starts petrol and diesel engines quickly
- > Reduces power loss of batteries
- > Also works on lawnmowers, trimmers, chain saws, motorcycles, etc.

Copper Spray

- > Protects nuts and bolts
- > Performs over an extremely wide temperature range (-30°C to +1200°C)

Zinc Spray

- > Creates a quick drying, self-sealing coating
- > Acts as an excellent primer for most paint systems
- > Helps slow down corrosion of iron and steel

Screenwasher Antifreeze

- > Excellent cleaning power
- > Reliable frost protection
- > Friendly for car paint and polycarbonates
- > Up to -50°C freezing protection
- > Pleasant scent
- > Suitable for screenwash systems of all major car manufacturers

CORROSION PREVENTION

OUR TECTYL PRODUCTS OFFER ULTIMATE PROTECTION FOR METAL SURFACES AGAINST THE DAMAGING EFFECTS OF MOISTURE, CHLORIDE AND CORROSION.

Tectyl Bodysafe/Bodysafe Wax

A wax/asphaltic compound for the protection against corrosion. Perfect for the protection of the underbody of the car as well as tanks, gas lines, emergency brake cables and hydraulic brake lines. Cures to a relatively firm, bronze, resilient, tough and abrasion resistant film.

Tectyl ML

- > A wax based, solvent cutback, amber colored corrosion preventive compound which is supplied in an aerosol spray can.
- > Good water displacing properties and good penetration, making it very suitable as a corrosion protective.
- > Cures to an amber colored, waxy, semi-firm translucent film.

Tectyl ML Greenline

- > A resin/oil based, light brown/yellow, liquid corrosion preventive compound which is supplied in an aerosol spray can.
- > Designed for industrial application
- > Cures to a light yellow, translucent, semi-soft film.

Tectyl Multi Purpose Clear

- > Excellent corrosion preventative for the storage or transit protection of finished and unfinished automotive parts
- > Applying is fast and easy
- > Because of the transparent, flexible coating, which is also over-paintable Tectyl Multi Purpose Clear can be used almost everywhere.

PRODUCT NAME	400ML	600ML	600ML V1*	600ML V2*	Languages
Tectyl Bodysafe/Bodysafe Wax	-	VE20100	-	-	*V1: GB, NL, FR, DE, IT
Tectyl ML	-	-	VE20065	859973	*V2: GB, DK, FI, NO, SE, PL, RU, EE
Tectyl ML Greenline	-	782375	-	-	
Tectyl Multi Purpose Clear	816702	-	-	-	

Tectyl Glashelder/Klar

A resin-based, colorless, corrosion preventive compound. Tectyl Glashelder/Klar can be applied on tools: gardening, household, automotive, marine and industrial. It is also an excellent moisture repellent when used on electrical wiring in motor vehicles.

Tectyl 190 Black

Ideal protection against corrosion and abrasive damage, for the underbodies of cars, trucks, trailers, etc., Tectyl 190 is fast drying and can be painted over. Available as a grey or black, rubber-resin-based compound, the product cures to a firm, resilient and tough film.

Tectyl 190 Grey

Ideal protection against corrosion and abrasive damage, for the underbodies of cars, trucks, trailers, etc., Tectyl 190 is fast drying and can be painted over. Available as a grey or black, rubber-resin-based compound, the product cures to a firm, resilient and tough film.

Tectyl Multi Purpose 506

As a general purpose corrosion inhibitor, Tectyl Multi Purpose/506 cannot be beaten. A powerful water-displacing compound, it is suitable for a wide range of applications, such as vehicle rust proofing, as well as the protection of machinery and parts in storage. Tectyl Multi Purpose/506 cures to an amber colored, waxy, transparent, firm film.

Tectyl Amber

Tectyl Amber is a product with good water displacing properties, excellent penetration and corrosion protection. By applying a thin film on the center of a wheel hub and in the center of a wheel rim, corrosion is avoided, which can lead to “non-removable wheels.” Tectyl Amber is a versatile protective coating for a wide variety of applications.
